The postmaster never knew what trouble was until the parcels post became popular.

Not in years have there been as few St. Louis visitors in the valley as there are this summer.

The Southeast Missouri watermelon crop is very short—about a third of what was expected.

For Sale—A ten-passenger Hack. Cheap for cash or trade. Apply to Dr. W. J. Smith, Ironton.

Some hot weather again the past week, but pleasant the past few days. A third of an inch of rain Monday.

Twenty car loads of alfalfa hay from Colorado were shipped to St. Francois county last week. The price, delivered, is \$16.50 a ton.

Some automobile drivers are going to get in trouble in Ironton for exceeding the speed limit, if they don't look out. A word to the wise should be sufficient.

Edgar Fletcher tells us that while he was at the Iron Mountain dam one day last week he saw a fellow who was "jug fishing" and a six pound bass. Pretty good sized bass that.

Notwithstanding the unusual drouth and scarcity of water we hear of a couple of wells being dug in the valley the past month and an abundance of water secured at a depth of 15 feet.

The county court concluded Monday to have the county depository, The Bank of Ironton, give a new bond. This action was taken because of the fact that J. E. Franklin is on the old bond.

John Mayes, the lively man, was arraigned before the Mayor last week charged with obstructing the street in front of his stable. A plea of guilty was made and a fine of \$1 and costs imposed.

Mr. James Falkenberg, our good friend, the efficient surveyor of Reynolds county, was in Ironton Tuesday afternoon. Mr. Falkenberg was on his way home from a business trip to Madison county.

Miss Jenna Logan, Miss Alice Gay, Mrs. M. A. Gay, Mrs. T. B. Pruitt, Miss Alice Pruitt and Master Sam Gay made a trip to Farmington Saturday evening in Miss Logan's automobile, returning to Ironton next day.

There will be the regular services at the M. E. church next Sunday. Ladies' Aid at Goulding Park, with Mrs. William Harris, on Wednesday afternoon of this week. Prayer Meeting on Thursday evening.

M. N. POWERS, Pastor.

Arrangements have been made whereby Burk and Hobbs, the evangelists, will begin their meeting here August 20th. These great evangelists are now conducting a meeting at Salem, Mo., and after that closes they will come here.—Bismarck Gazette.

The regular monthly meeting of the Woman's Home Mission Society, of Fort Hill Church will be held at the residence of Mrs. Jacobs, Thursday, August 13, 1914, 2:30 p. m. A full attendance is desired, as the business of the year will be finished at this meeting.

Mrs. Frank Richardson and her son-in-law and daughter, Chas. Chandler and wife, and Ralph and Roy Blumel of Bonne Terre passed through town in their automobile Sunday morning on their way to Marble Creek where they spent the day with Mrs. C. Kuhn and family.

To our good friend, Mr. A. Roehry, we are indebted for some unusually fine tomatoes presented to us last week. Considering the drouth Mr. Roehry's garden is exceptionally fine and more than once has his generosity added to the scant fare of the editor's table during this awful summer.

At a meeting of the city council Monday evening a committee, composed of the Mayor and Councilmen Tual and McKee, were selected to make a trip to the Lead Belt in St. Francois county for the purpose of investigating the roads over there and considering the advisability of using "ohats" for improving the streets in Ironton. The committee will report at the next regular meeting of the Council in September.

Dr. Hugo Summa is at his fine summer home and will be with us for a month. His many friends hope he may get the utmost pleasure and benefit from his well-earned vacation. He was a welcome caller at the Register office Monday, leaving a token of friendship none the less appreciated that it is destined to "end in smoke."

Elsewhere we publish an account of the death of Mr. John A. Hogue, of Holcomb, Mo., taken from the Dunklin Democrat. Twenty-five years ago Mr. Hogue was a resident of this county, being engaged in the mercantile business at Arcadia for several years. He was a good man and many old friends here will hear of his death with sorrow.

City Clerk Gunton Saturday turned over to Henry W. Adolph, Collector, the city tax book for the current year. The total valuation of real and personal property therein is \$372,065. On this valuation taxes to the amount of \$1860.33 are levied; half of this sum goes into the general revenue, the other half will be applied to the payment of the street improvement bonds. There are 116 poll tax payers in the city who are assessed \$2 each.

Mrs. H. O. Davis left last Friday for Morrisboro, Ill., where she will spend some time with her daughter, Mrs. A. F. Kuehle. Something more than two months ago Mrs. Davis had a fall dislocating one of her hips. She was confined to her bed, until a couple of weeks ago since when she has been able to get about the house with the aid of a pair of crutches. We hope that when Mrs. Davis returns she will be fully recovered. She was accompanied to Morrisboro by Mrs. Geo. Davis of Poplar Bluff.

About 80 per cent. of the Democratic vote was polled in the Primary Election in Iron county Tuesday. The Republican vote was light. Stone for Senator and Hensley for Congress have big majorities. Blair has carried the county for Supreme Judge. With all the returns in except Hogan and four precincts in the west end of the county Burnham is 191 votes ahead of Black in the race for Collector. Burnham's nomination is assured. In the race for County Judge, Southern District, Harry Holland carried every precinct in the district, defeating his opponent, Jas. Lewis, more than 100 votes. The official returns will be printed next week.

Enos Pannebecker, who lived on Marble Creek about four miles south of Ironton, was killed by a falling tree while working in the timber cutting near Tip Top last Friday morning. Pannebecker and his nephew, John Boswell, were sawing down a tree, which, as it descended, struck another tree, falling on Pannebecker and killing him instantly. The deceased was probably fifty years of age and leaves a wife and nine children to mourn him. He had long been a resident of Iron county. The funeral was held at Hopeville church, Marble Creek, Saturday afternoon, the services being conducted by Rev. Calvert. Interment was made in the cemetery at the Red School House. The bereaved family have the sympathy of many friends and neighbors in their sorrow.

T. P. Fitz, of Des Arc, spent a few hours in Farmington last Friday selling meats to our local merchants and also visiting for awhile with his daughter, Mrs. G. W. Morris. Mr. Fitz is well above the 70-mark in age, but he is not old—just 70-odd years young. He is an inveterate reader and especially does he delight to read the news of Southeast Missouri. When in town he invariably drops in for a few minutes' chat and to read our exchanges. He is also an interesting and entertaining writer and under the name of "Isaac" has a column of mighty interesting news from Des Arc almost weekly in THE Ironton REGISTER. He is also a contributor to several other nearby papers. Mr. Fitz succeeded the late A. J. Leathers, of Farmington, as representative in this territory of W. P. Gettys & Son Provision Company of St. Louis. He told us when he last Friday that he had already traveled more than four hundred miles that week despite his "youthful" age and the terrific temperature of the week. He enjoys it, however, and says his trade is rapidly increasing. It is no wonder to us that he has a good business. His happy temperament and the fact that he represents one of the good old reliable firms of St. Louis makes a combination that can't be beaten.—Farmington News.

The following story is told by the Leadwood correspondent of the Bonne Terre News: "About two weeks ago a railroad wreck occurred near Ironton, near Big River bridge, caused by burning a journal in two which caused a tank containing 18,000 gallons of molasses to go down an embankment 125 feet landing on solid rock. The tank burst and the molasses poured out and ran into Big River. After a while the molasses mixed with the water and fermented. The fish, not being used to intoxicants, soon became intoxicated and ran to shallow water and flopped out on the gravel bars and died, or were caught by some one. The news soon scattered and hundreds of men and women came with fishing implements of all kinds, pitchforks, tableforks, clubs, guns of every description, sharp pointed sticks and paddles, while some just waded in and helped themselves catching them with their hands. This has been the greatest slaughter of fish the county has ever known. The few fish which did escape being caught and remained in the water are dying and floating down the river. Where this syrup has been so strong it will be years before fishing will amount to anything again. To-day

(Wednesday) it has reached a point between Big River bridge and Pump station, at Leadwood. While it is not so strong now, the fishing is good yet. Leadwood and vicinity have eaten so much fish here of late we can scarcely look a fish in the face without feeling somewhat condemned."

The Baptist Assembly.

Though the Assembly did not open till Tuesday night, the campers were coming in all day Monday. The number on the Heights on Monday was the largest number ever there the day before the Assembly. Tuesday brought a train load when number 3 came in.

DR. WHITE ARRIVES.

The Assembly preacher, Dr. John E. White, of Atlanta, came Tuesday, and took up his quarters in one of the new Assembly bungalows. He will preach every night except Saturdays at the tabernacle, and also on Sunday mornings. Nearly all the other speakers came in Tuesday, including Dr. John M. Moore, of New York, who will preach next Sunday afternoon and will conduct a mission study class every morning at 9:05 a. m.

THE MODEL SUNDAY SCHOOL.

Dr. T. J. Watts, Baptist Sunday School Superintendent for Missouri, arrived Tuesday. He is laying plans for the model Sunday School on Sunday morning at 9 o'clock. A full teaching corps is being organized, with every department fully equipped. The purpose of this model Sunday School is to teach in a practical way what a fully organized Sunday School should be. The people of the Valley are invited to come and join in the school.

VALLEY PEOPLE ON THE HEIGHTS.

S. P. Ringo and family have moved to Arcadia Heights for the Assembly. They are occupying comfortable quarters in the new general store building. The Misses Fletcher of Arcadia have established a well-appointed camp near the tennis courts. Miss Alice Gay and Miss Baldwin of Ironton have rented a room in one of the new Assembly bungalows. Rev. J. H. Calvert and family have a camp of two tents near J. D. Vance's bungalow. Other people of the Valley are making themselves at home on Arcadia Heights.

A HEAVY RAIN MONDAY.

The rain Monday was a great blessing to the Baptist Assembly. It did away with the dust and freshened up the grounds. If the Assembly roads become dusty again, the sprinkling hose will be put to work. The new water tower, with its 57,000 gallons of reserve water, makes the Assembly safe against water scarcity. Everything about the grounds was in an advanced state of readiness when the Assembly opened.

A GOOD RESTAURANT.

The Assembly restaurant is giving good service. It is under the management of Wm. Dexter, of Poplar Bluff, who has been employed by the Assembly to take charge of the restaurant. The Ozark Inn is rendering especially fine service this year. J. D. Vance is also conducting an hotel and dining room at his new bungalow at the entrance to the grounds. Preparations are made to take care of all from the Valley who wish to take meals on the grounds.

THE FIRST MEETING.

The Assembly opened Tuesday night at the Tabernacle. A song service was led by E. O. Sellers, of the Moody Bible Institute, Chicago, who will have

charge of the music throughout the session. He is a hymn writer, as well as an excellent soloist and inspiring chorister. The service was of an inspirational nature, many taking part briefly. The speakers for the occasion were introduced. It is a joyful gathering on the Heights. Old friends and new friends, city folk and farm people, from plain and mountain and valley, Baptists, most of them, with a number of people of other denominations.

WELCOME ON THE HEIGHTS.

People of the Arcadia Valley are very welcome on the Heights. Bring your swimming suit and take a swim, or rent a swimming suit at the pool. A charge of one dollar pays for all privileges of the grounds for two weeks. The price of a single swim to those who do not take a full membership, is twenty-five cents. All meetings at the Tabernacle are free. Fine moonlight this week; makes travel at night a pleasure.

Big Clearing Sale at Brown's. Special price on every article in the store. B. N. BROWN.

From Mr. Hummel.

DEXTER, Mo., July 30, 1914.
Ed. Register—I noticed in your last week's issue an article to the effect that I am now bookkeeper for the Reuter Hub and Spoke Co., Dexter, Mo. I wish you would correct this; I am not bookkeeper for these people. Your informant would no doubt make a misstatement in preference to the truth regarding my affairs. Very truly yours, J. HUMMEL.

Come and see us before buying your Refrigerator. We can give you a bargain. A. RIEKE & SON.

Card of Thanks.

We desire to thank the friends and neighbors for the kindness and sympathy shown us in the sad bereavement and loss of our dear husband and father. Long will they be remembered by us. MRS. EMMA PANNEBECKER & FAMILY.

House for Rent—Seven rooms, soft and hard water. Reasonable to small family. Mrs. A. S. Prince, Ironton, Mo.

Des Arc Items.

We are enjoying a fine rain this (Wednesday) morning, for which we are very grateful, as it will help to bring out the late corn and vegetation.

Mrs. Loyd has sold the restaurant to Mr. Miller. Miss Ethel Miller has charge of the cooking and she is a first-class cook.

Jas. Hurrell, who had been ill the past eight weeks, passed away at the home of Thomas Young, on College Hill, Sunday morning at 5 o'clock. He was well known in Iron county, having been in the saw mill and lumber business a number of years. Until recently he made his home with his daughter, Mrs. Hale of St. Louis. He came down to his farm about two months ago and was never able to go back to the city. She came here to nurse him and staid until the end. The funeral was conducted from the Hall on College Hill by Rev. W. W. Strother, who was with Mr. Hurrell during the greater part of his illness, and spoke of his conversion and his willingness to leave the world and meet his God. He left a bright testimony to all his relatives and friends. He was a member of the Nazarene church. May God comfort the bereaved daughter!

Quite a large crowd attended the baptizing down near the Wire Bridge Sunday afternoon. Rev. Oscar Taylor administered the rite of baptism to Mr. and Mrs. Jeff Jackson. They made a bright profession, and may they prove examples for others to follow. Bro. Taylor is doing good work here.

The infant babe of Rev. and Mrs. Charles Davis, who had been ill for three weeks, died last Thursday night and was laid to rest in the cemetery here. We sympathize with the bereaved parents in the loss of their little one. Mrs. Lee Dunn and Mrs. Shy from Sabula were here to attend the funeral. Rev. Mitchell from Ironton conducted the funeral service.

Jack McFall and John Nation have gone over to the Frisco railroad, where they are employed as tie inspectors.

Mrs. John Stevenson and children have returned from Hendricks, accompanied by her sister, Mrs. Grace Brown, who has been very sick. We are glad to know she is improving.

Jas. Maddock went to Poplar Bluff Saturday.

Marshall Stevenson came home from Taskee to spend Sunday with his mother.

C. S. Fitz has returned from a trip to the lakes. He visited many points of interest: made a boat trip from Chicago to South Haven and Detroit, thence to Buffalo and Niagara Falls. He left Friday on a business trip to Jefferson City.

In my write-up of Lillbourn last week I made some errors which I wish to correct. That little city has 2200 inhabitants, a large school building, with ten teachers, three stove factories, two cotton gins, six saw mills, four banks, three hotels, opera house and moving picture show. It is a thriving town and the people there are getting together to build two new churches. The Baptist and Christian people will erect churches soon. They already have the lots. ISAAC.

The celebrated Perfection Oil Cook Stove at reasonable price. A. RIEKE & SON.

Have received a new lot of Ladies' Solid Gold La Valliere Neck Chains in Diamonds and Pearls. Just the thing for the summer. Come and get your choice at ADOLPH'S Jewelry Store, South Main street, Ironton, Mo.

Annapolis News.

Looks like rain today; we need it badly.

Andrew Sutton has moved his family to Frost's mill, near Bunker, in Reynolds county. He has a job there cutting logs at \$2 per day. Several Annapolis people out there and all have good jobs.

Our efficient roadoverseer is working the roads, and has improved Front street, in Annapolis, considerable, by hauling gravel. But could be improved much more with more gravel. If I were roadoverseer I would work the bad places and work them thoroughly; then they would not need attention again soon. If men over the age of fifty years do not have to work or pay poll tax this year, why did we have to pay or work last year? Isn't the law the same now as it was then? Please have our Prosecuting Attorney look this up.

Redmond Black was in Annapolis Sunday on his way to Des Arc to look after the election.

Mr. A. Reese has been confined to his bed the past week with a very sore leg, but is now able to be about and attend to business.

Several candidates, Arthur Huff, J. M. Hawkins, C. P. Damron, O. W. Roop and W. L. Edmonds have visited our town lately.

Robert Miller is to take charge of the Annapolis post-office to-day, and is moving to town.

Charles Carter of Piedmont was in Annapolis on business last week.

Chas. E. Bolch is in the lead district hunting a diamond drill to prospect in this vicinity. We have a lot of as fine prospects for mineral as can be found anywhere, but no large bodies discovered yet; yet in paying quantities if rightly mined.

John Warnock, a leading farmer on Black river, in Reynolds county, is in town to-day. He informs me that the crops are light in his county.

Roy Simpson is in town to-day on his way to St. Louis, where he will enlist in the navy. He has a brother who enlisted a year ago and is now at Vera Cruz.

Thomas Mann and Rich Lewis of Black river are in town to-day.

Two wagon loads of hogs from Sinking Creek, in Reynolds county, hauled in here to-day to be shipped to St. Louis.

Ties coming in slowly.

Squire Kitchell was out to his old friend, Harris', last week, taking the acknowledgment of ten persons to a quit claim deed. It was quite a job "rounding them up," and it was after dark when the Squire got back in Annapolis.

Some of the Alcorn boys brought a fine cow and young calf to town to-day for Arthur Brewer.

Mr. Williams, a piano tuner, is in town. He was reared at Pilot Knob. BULLETIN.

For the Small Boy.

It is not necessary in order to dress children correctly to make their costumes elaborate—only proper cut and neat workmanship are required to give them a well-dressed look. Read Mrs. Bottomley's description of a small boy's apparel in our fashion notes this week. It will show you how to dress your young son as correctly as though you patronized the most exclusive shop in New York. A girl's sweater coat is also described.

Notice to Patrons.

In order to make our Ironing service more convenient we will hereafter run our plant on Wednesday instead of Tuesday.

ALPHA.

Big Bargains at Brown's Clearing Sale.

The growing of live stock for market by forage feeding is the distinctive feature of the demonstration on the farm of Mr. Joseph Kinkaid at Warsaw, Mo., inaugurated by the Missouri Pacific Railway. The railway company already has demonstration farms in operation at various points along its lines, but this is the first venture of the company into the field of animal husbandry. On September 1st, 100 head of hogs, 200 sheep, 50 breeding ewes and 150 Idaho lambs will be brought on the farm. The soil is now planted to a variety of forage crops, sown in succession, consisting of cow peas and corn together, cow peas planted separately, oats, soy beans, rape and rye pasture. The crops are in first-class condition at the present time. The animals themselves will do the harvesting, thus doing away almost entirely with the item of expense for labor in that respect. As the experiment is for the purpose of showing that this kind of animal husbandry, which has been successfully introduced by Prof. H. Doane, head of the Farm Management of the Missouri Agricultural College, on many farms throughout the State
